PROFILE SUMMARY

- Currently, pursuing a Data Analytics course at Tops Technologies.
- I consider myself as a responsible and a well organized person.
- I'm quick learner, adaptable and dedicated to delivering quality results.
- I am seeking a role where I can contribute my skills in strategic planning, team leadership, creative problem-solving and data-driven decision-making .
- Eager to leverage my academic knowledge and hands-on projects to make a meaningful impact in my first professional role.

PROJECTS

OLA Ride - Sharing Project (SQL)

Role : SQL Analysis

- SQL queries applied to analyze OLA ride-sharing data.(Individually done)
- Focus areas : Driver performance, passenger trends, and ride frequency.
- Datasets : Driver and passenger data in .csv format.
- Enhances business strategies with actionable insights.
- Key Skills : Proficiency in writing queries to extract, clean, and analyze structured data for meaningful insights and business optimization.

Bank Loan Excel Dashboard(Excel)

Role : Data Analyst and Dashboard Designer

- Interactive dashboard created in Excel.(Individually done)
- Features : Pivot tables, dynamic charts, and slicers.
- Provides insights into loan distribution, approval rates, and trends.
- Aids in data-driven decision-making.
- Key Skills : Expertise in creating interactive dashboards, leveraging charts, pivot tables, and slicers to present actionable insights effectively. Transformed complex data into visually appealing and easy-to-understand insights.
